

THE JAMAICA CIVIL AVIATION AUTHORITY

The JCAA invites applications from suitably qualified persons to fill the vacant position of:

MANAGER, AIRWORTHINESS OVERSIGHT

Job Summary

Coordinate, direct and manage, as necessary, the day-to-day technical and administrative activities of the Airworthiness Section, including balancing the distribution of tasks between Inspectors, to ensure that the certification, surveillance and inspection functions, assigned to the section, are carried out efficiently and effectively to ICAO standards.

Minimum Requirements/Knowledge/Skills

Reporting to the Director, Flight Safety, the incumbent is expected to meet these minimum requirements:

- Baccalaureate degree in management, or equivalent post secondary training in a relevant discipline, with four (4) years experience in a managerial position.
- Be the holder of a Jamaican Aircraft Maintenance Engineer Licence, type rated or approved on at least two types of aircraft.
- Ten years or more working experience in aircraft maintenance, to include five (5) years in a managerial position in a repair facility, or in the maintenance department of an airline.
- Three (3) years experience with a Government Civil Aviation Authority directly associated with the development and implementation of rules, regulations, operating manuals, and flight and ground procedures for flight safety, inspection and certification.
- Able to utilize the Microsoft Office Suite effectively

Applicants who satisfy these requirements should send applications with detailed Resumes by September 1, 2010 to:
