[The inclusion of this page is authorized by L.N. 111/2005]
(b) the purposes of ensuring that land in the vicinity of the site of an aerodrome which the Minister has established or is about to establish shall not be used in such a manner as to cause interference with, or danger or damage to, aircraft, approaching or leaving the aerodrome.

(3) An aerodrome established by the Minister pursuant to this section shall not be used under any conditions other than such conditions of use as may be determined by the Minister in respect of that aerodrome pursuant to subsection (1)(f).

(4) Any person who uses or permits the use of any such aerodrome otherwise than in accordance with the conditions of use referred to in subsection (3), shall be guilty of an offence and shall be liable on conviction to a fine not exceeding one million dollars or to imprisonment for a term not exceeding one year or to both such fine and imprisonment.

11.—(1) The Minister may, if he is satisfied that it is necessary so to do in order to secure the safe and efficient use for civil aviation purposes of any land, structure, works or apparatus vested in him or in any other person or which he proposes to acquire or install, by order declare that any area of land specified in the order shall be subject to control by directions given in accordance with the following provisions of this section.

(2) Where any such order is in force, the Minister may, pursuant to any general or special authority given by the order, give directions—

(a) for restricting the height of buildings or structures or for requiring the total or partial demolition of any building or structure within the area to which the order relates;

(b) for restricting the height of trees and other vegetation upon any land within the area, or for requiring any tree or other vegetation upon any such land to be cut down or reduced in height;

(f) for requiring that, before the expiration of such period as may be specified by the directions, any such apparatus shall be removed from land within the area.

(3) An order under this section may contain such consequential, incidental and supplemental provisions as appear to the Minister to be necessary or expedient for the purposes of the order including in particular provisions for empowering any person authorized in that behalf by the Minister to remove, pull down, cut down or alter, so as to bring into conformity with the requirements of any directions given under the order any building, structure, tree, vegetation or apparatus which contravenes those requirements.

(4) An order under this section shall be subject to affirmative resolution and the provisions of the Second Schedule shall have effect with respect to directions given under such an order.

(5) The Minister shall give notice of any direction given pursuant to this section by publishing the direction in the Gazette and by taking such steps as he considers reasonable for securing that a copy of the direction is served on each person appearing to him to be the owner or occupier of any land to which the direction relates.

(6) A person who obstructs any other person in the exercise of any powers conferred upon that other person by virtue of subsection (3) shall be guilty of an offence and liable on conviction to imprisonment for a term not exceeding six
months or a fine not exceeding five hundred thousand dollars or both.

(7) The powers of the Minister under this section shall not be construed as prejudicing his power to acquire land for the purpose of securing the observance of any requirement which might have been imposed under this section in relation to the land.

12.—(1) If the Minister is satisfied, with respect to any building, structure or erection in the vicinity of an aerodrome to which this section applies that in order to avoid danger to aircraft flying in that vicinity in darkness or conditions of poor visibility, provision ought to be made (whether by lighting or otherwise) for giving to such aircraft warning of the presence of that building, structure or erection, he may by order authorize (subject to any conditions specified in the order) the proprietor of the aerodrome, and any person acting under the proprietor’s instructions—

(a) to execute, install, maintain, operate, and as occasion requires to repair and alter, such works and apparatus as may be necessary for enabling such warning to be given in the manner specified in the order; and

(b) so far as may be necessary for exercising any of the powers conferred by the order to enter upon and pass over (with or without vehicles) any such land as may be specified in the order:

Provided that no such order shall be made in relation to any building, structure or erection if it appears to the Minister that there have been made, and are being carried out, satisfactory arrangements for the giving of such warning as aforesaid of the presence of the building, structure or erection.

(2) The Minister shall, before making any such order as aforesaid, cause to be published, in such manner as he thinks best for informing persons concerned, notice of the proposal to make the order and of the place where copies of the draft order

[The inclusion of this page is authorized by L.N. 111/2005]
may be obtained free of charge, and take into consideration any representations with respect to the order which may, within such period not being less than two months after the publication of the notice as may be specified therein, be made to him by any person appearing to him to have an interest in any land which would be affected by the order; and at the end of the period the order may, subject to the provisions of this section, be made with such modifications (if any) of the original draft as the Minister thinks proper.

(3) Every such order as aforesaid shall provide—

(a) that, except in a case of emergency, no works shall be executed on any land in pursuance of the order, unless, at least fourteen days previously, the proprietor of the aerodrome to which the order relates has served in the manner prescribed by the order on the occupier of that land, and on every other person known by the proprietor to have an interest therein, a written notice containing such particulars of the nature of the proposed works, and the manner in which and the time at which it is proposed to execute them, as may be prescribed by or in accordance with the order; and

(b) that if, within fourteen days after service of the said notice on any person having such an interest, the proprietor of the aerodrome receives a written intimation of objection on the part of that person to the proposals contained in the notice, being an intimation which specifies the grounds of objection then, unless and except in so far as the objection is withdrawn no steps shall be taken in pursuance of the notice without the specific sanction of the Minister,

and shall also provide for requiring the proprietor of the aerodrome to which the order relates to pay to any person having an interest in any land affected by the order such compensation for any loss or damage which that person may
suffer in consequence of the order as may, in default of
agreement, be determined from time to time by a single
arbitrator appointed by the Chief Justice; and, for the purposes
of this subsection, any expense reasonably incurred in
connection with the lawful removal of any apparatus installed in
pursuance of such an order, and so much of any expense
incurred in connection with the repair, alteration, demolition or
removal of any building, structure or erection to which such an
order relates as is attributable to the operation of the order, shall
be deemed to be loss or damage suffered in consequence of the
order.

(4) The ownership of anything shall not be taken
to be affected by reason only that it is placed in, or affixed
to, any land pursuant to such an order as aforesaid; and
(subject to subsection (5)) so long as any such order in
respect of an aerodrome is in force, no person shall, except
with the consent of the proprietor of the aerodrome, wilfully
interfere with any works or things which, to the knowledge
of that person, are works or things executed or placed, in,
on or over any land in pursuance of the order.

If any person contravenes the foregoing provisions of this
subsection, he shall be liable, on conviction, to a fine not
exceeding two hundred thousand dollars or to imprisonment for
a term not exceeding six months or to both; and every person
who wilfully obstructs a person in the exercise of any of the
powers conferred by such an order as aforesaid shall be liable,
on conviction, to a fine not exceeding one hundred thousand
dollars.

(5) Nothing in this section shall operate, in relation
to any building, structure or erection, so as to restrict the
doing of any work for the purpose of repairing, altering,
demolishing or removing the building, structure or erection:

Provided that—

(a) notice of the doing of that work is given as soon as
may be to the proprietor of the aerodrome; and

"proprietor of the aerodrome" means, in relation to any premises used or appropriated for use as an aerodrome, the person carrying on or entitled to carry on the business of an aerodrome in those premises.

12A.—(1) Where it appears to the Minister that any land or any area of water owned by the Government or under the control of Government or of any of its agencies is intended or likely to be used for the purposes of the unlawful landing or unlawful take-off of aircraft, he may, after consultation with the Director-General of Civil Aviation, and the Commissioner of Police, take such steps as are considered appropriate to ensure that such land or area of water cannot be used for such purposes.

(2) Any person who obstructs or hinders any other person in the exercise of any powers conferred upon that person by virtue of subsection (1) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding five hundred thousand dollars or to imprisonment for a term not exceeding eighteen months, or to both such fine and imprisonment.

13.—(1) The Minister may, if he is satisfied that it is necessary so to do in order to secure the safe and efficient use for purposes of civil aviation of any premises used with the approval of the Minister for the testing of aircraft or any aerodrome, by order authorize the stopping up or diversion of any highway.

(2) An order under subsection (1) may provide for all
or any of the following matters, that is to say—

(a) for securing the provision or improvement of any highway so far as the Minister thinks such provision or improvement necessary or desirable in consequence of any such stopping up or diversion as aforesaid;

(b) for the retention or removal of any cables, mains, pipes, wires, or similar apparatus placed along, across, over or under any highway stopped up or diverted under the order, and for the extinguishment, modification or preservation of any rights as to the use or maintenance of that apparatus;

(c) if any highway is to be provided or improved under the order, for authorizing or requiring the provision of any such apparatus as aforesaid along, across, over or under that highway, in lieu of any apparatus removed from a highway pursuant to the order, and for conferring rights as to the use or maintenance of apparatus so provided.

(3) An order under subsection (1) may contain such consequential, incidental and supplemental provisions as appear to the Minister to be necessary or expedient for the purposes of the order.

(4) Notice of any order proposed to be made under subsection (1) shall be—

(a) displayed in a prominent position at the ends of so much of any highway as is proposed to be stopped up or diverted under the order;

(b) sent to every local authority in whose area any highway to be stopped up or diverted under the order or any highway to be provided or improved under the order is situated; and

(c) served upon any telephone or electricity undertakers having any cables, mains, pipes or wires laid along, across, over or under any highway to be stopped up or diverted under the order.

[The inclusion of this page is authorized by L.N. 111/2005]
(5) The provisions of Part II of the Second Schedule shall, with the necessary modifications, have effect in relation to orders under this section as they have effect in relation to directions under section 11.

14. If any person trespasses on any land forming part of an aerodrome established by the Minister under section 10 or under his control or licensed pursuant to regulations under section 3 or causes any animal to trespass on such land, he shall be guilty of an offence and shall be liable on conviction to a fine not exceeding two hundred thousand dollars.

PART IV. Liability for Damage, etc., Caused by Aircraft

15.—(1) No action shall lie in respect of trespass or nuisance by reason only of the flight of an aircraft over any property at a height above the ground which is reasonable having regard to wind, weather and all the circumstances of the case, or the ordinary incidents of such flight so long as the provisions of Part II and of this Part and any regulations made under Part II or this Part are duly complied with.

(2) Where material loss or damage is caused to any person or property on land or water by, or by a person in, or an article or person falling from, an aircraft while in flight, taking off or landing, then, unless the loss or damage was contributed to or caused by the negligence of the person by whom it was suffered, damages in respect of the loss or damage shall be recoverable without proof of negligence or intention or other cause of action, as if the loss or damage had been caused by the wilful act, neglect or default of the owner of the aircraft:

Provided that where material loss or damage is caused as aforesaid in circumstances in which—

(a) damages are recoverable in respect of the loss or damage by virtue only of the foregoing provisions of this subsection; and

(b) a legal liability is created in some person other than

[The inclusion of this page is authorized by L.N. 111/2005]
the owner to pay damages in respect of the loss or damage,

the owner shall be entitled to be indemnified by that other person against any claim in respect of the loss or damage.

(3) Where an aircraft has been bona fide demised, let or hired out for any period exceeding fourteen days to any other person by the owner of the aircraft and no pilot, commander or operative member of the crew of the aircraft is in the employment of the owner, subsection (2) shall have effect as if for references to the owner there were substituted references to the person to whom the aircraft has been demised, let or hired out.

16.—(1) The Minister may make regulations under section 3 as to the conditions under which noise and vibration may be caused by aircraft on aerodromes and such regulations may provide that subsection (2) of this section shall apply to any aerodrome as respects which provision as to noise and vibration caused by aircraft is so made.

(2) No action shall lie in respect of nuisance by reason only of the noise and vibration caused by aircraft on an aerodrome to which this subsection applies by virtue of subsection (1) so long as the provisions of the regulations mentioned in that subsection are complied with.

16A. In this Part—

16B. This Part applies to the protection, against acts of violence and unlawful interference, of aircraft and of persons or property on board aircraft in airports or any part of an airport and in air navigation installations that do not form part of an airport.

16C. The Minister may, for security reasons, by notice published in the Gazette, declare any part of an airport or any air navigation installation or any part of such installation to be a restricted area for the purposes of this Part.

16D. A person who, without lawful authority or excuse, takes or attempts to take on board any aircraft—

(a) a firearm;

(b) any explosive or other injurious substance or incendiary device of any kind whatsoever that could be used to endanger the safety of the aircraft or of persons on board the aircraft,

shall be liable on conviction on indictment to a fine not exceeding three million dollars or to imprisonment for a term not exceeding three years or to both such fine and imprisonment.

16E.—(1) An aviation security guard may search any person and his baggage, with the consent of the person before such person boards any aircraft for the purpose of being carried by air from any place in Jamaica to any other place whether in Jamaica or elsewhere.

(2) If a person declines to allow himself or his baggage to be searched under subsection (1) he shall not be allowed to board the aircraft.

(3) An air carrier shall not be liable to any civil proceedings, other than a proceeding in respect of any right that

[The inclusion of this page is authorized by L.N. 111/2005]
any person may have for the recovery of the fare or any part thereof, by reason of the fact that such person was not allowed to board an aircraft of the carrier after he had declined to allow himself or his baggage to be searched.

**PART VI. Miscellaneous**

17.—(1) Any services rendered in assisting, or in saving life from, or in saving the cargo or apparel of, an aircraft in, on or over the sea or any tidal water, or on or over the shores of the sea or any tidal water, shall be deemed to be salvage services in all cases in which they would have been salvage services if they had been rendered in relation to a vessel; and where salvage services are rendered by an aircraft to any property or person, the owner of the aircraft shall be entitled to the same reward for those services as he would have been entitled to if the aircraft had been a vessel.

The foregoing provisions of this subsection shall have effect notwithstanding that the aircraft concerned is a foreign aircraft, and notwithstanding that the services in question are rendered elsewhere than within the limits of the territorial waters of Jamaica.

(2) The Minister may by order direct that any provisions of any enactment which relate to wreck, the salvage of life or property or to the duty of rendering assistance to vessels in distress shall, with such modifications (if any) as may be specified in the order, apply in relation to aircraft as those provisions apply in relation to vessels.

(3) For the purposes of this section, any provisions of any enactment which relate to vessels laid by or neglected as unfit for sea service shall be deemed to be provisions relating to wreck.

18.—(1) Any lawful entry into Jamaica or any lawful transit across Jamaica, with or without landings, of an aircraft to which this section applies shall not entitle any seizure or detention of the aircraft or any proceedings being brought against the owner...
or operator thereof or any other interference therewith by or on behalf of any person in Jamaica on the ground that there is an infringement of any patent, design or model by the construction, mechanism, parts, accessories or operation of the aircraft.
